

Birkdale Park

NURSING HOME

Inspected and rated by

Good

Providing **exceptional**
and **loving** nursing care

Birkdale Park is an exceptional nursing home situated within Southport. We are a family owned home that delivers outstanding loving care for mum or dad. The home is situated within a converted Victorian dwelling. Rooms range from the traditional with wood panelling to modern rooms with en-suite facilities. The home and its staff have won multiple national and regional awards for its exemplary quality care.

Our Purpose
‘To provide exceptional loving nursing care to Mum or Dad’.

The proud home owner is Mrs Cunningham who converted the home in 1986. Birkdale Park is managed by Carol's eldest son Jonathan Cunningham MBE an ex-Army Major who is passionate about care for 'his lovelies'. So, Birkdale Park is a loving home managed by an experienced family team. Every relative is issued the care manager's personal mobile phone number for their reassurance and use.

Our Clients

Birkdale Park is experienced in the delivery of care to the elderly, those with dementia, end of life, people living post stroke, people with advanced cancers or other with long term conditions. Most of its clients require nursing care. (Please note we do not provide EMI nursing care)

Our Care Services

- Loving end-of-life palliative care
- Residential long-term nursing care
- Respite care or transitional care
- Short term care for those with spinal conditions

What we provide to a family?

The decision to place a loved one into residential nursing care is one of the most emotional and anxious decisions one may have to make. Birkdale Park provides the '3 R's' to a family and their loved one:

Reassurance that mum or dad is in a safe environment, free from abuse and cared for by a deeply loving care team. You can sleep easier at night.

Relationships rediscovered. Looking after a loved one can place a huge strain upon relationships. Birkdale Park allows close family members to rediscover and enjoy these relationships again.

Reason to live. Every resident every day must have purpose for their day. Life does not end when one enters a care home. Birkdale Park provides purpose, life and fun. Let's live everyday and every moment with passion and purpose.

Our facilities

- 24/7 nursing care by a fully qualified nursing care team
- Engaging and comprehensive activities program
- Weekly trips out either in the home rickshaw or minibus
- Weekly live music and entertainment
- Zest for life - weekly physical activity
- Internet, wifi, Skype, phone & CCTV throughout the home
- Delicious meals catering for multiple dietary requirements
- Beautiful grounds and well-maintained facilities
- Pet friendly we love our pets of chickens and dogs - Pet therapy is huge

So why choose Birkdale Park?

- We aren't owned by a large care group - we remain passionately independent.
- We deliver the most loving care to our gorgeous residents - read our reviews.
- Our Registered Care Manager has been in post for 3 years and isn't going anywhere!
- You can visit any time (day or night) and stay for as long as you like.
- Birkdale Park is recognised as one of the most outstanding homes and won multiple awards.
- We have a waiting list for people to move in and staff to work for us.
- We have chickens and two mad dogs called 'Alfie and Dotty' who jump on the beds!
- We make the best cake!

Fees

These depend upon your circumstance and the room facilities. Birkdale Park is typically commissioned by NHS Continuing Health Care, Social Services or Privately funded residents. It is advised to call in and speak to the office staff who will explain the options available to you.

We don't always get it right

We are only human and we do make mistakes. If there is anything you are not happy with then inform one of our team or phone or text Jonathan our care manager. If we do make a mistake, we are completely honest, we tell you, apologise and learn from it. We have nothing to hide and your relative's safety takes priority.

Birkdale Park Care Ethos

Finally, Birkdale Park's aim is to continually improve. It is a loving place where people wish to be cared for, staff wish to work and our reputation for delivering the most effective care is second-to-none. It is also a deeply nurturing and safe place for our people, our staff, who look after each other, care for each other and who operate as an effective team. Birkdale Park looks after both our residents and their family. The two may not be separated. Birkdale Park is all about 'family'. We welcome all communities, faiths, sexual orientation. We operated as a care family to look after our resident's family within our local community family. Love is at the heart of everything we do.
